Subject: Draft Dimock Health Consultation

Hi Kathy,

As discussed, attached is the Draft Dimock Health Consultation (Feb-28-13 Dimock HC DRAFT.docx) from ATSDR which evaluates the sample data provided by EPA during their 2012 field sampling activities. I have included the attachments separately from the primary document, as there is much information in the attachments for which EPA may also want to provide comment.

Please let Lora and I know if this document is forwarded to EPA HQ by the region since I understand that ATSDR also wants to provide a copy directly from our HQ staff to yours.

At this point, although I imagine this may change, please provide all comments to me regarding the documents.

Thanks,

Robert H. Helverson
